

AMBASSADORS CLUB

LET'S SEE WHAT OUR AMBASSADORS WOULD LIKE TO SHARE ABOUT THEIR WINTER!

REBECCA BENIN:

This winter, I enjoyed a wonderful Christmas at home with my family here in Connecticut. I love our tradition of driving around town to look at all the lights while blasting Christmas songs! Really gets you in the spirit! You also may have noticed: I cut my hair over break! Now, I'm back in the routine of school and am making many happy memories with my friends. I also have gained a new love for hiking! It really is a winter wonderland out there! I hope everyone is staying warm and enjoying the last of this magical snow globe of a season. :)

CLARA LOPEZ:

Hi everyone! This Christmas season was definitely a memorable one! I enjoyed watching the first snowfall! So beautiful!! I spent a lot of time with my family, baked different desserts, and made bread for the first time! I finally got to check that off my to-bake list. My family and I also went on a short road trip to Florida. We swam in the ocean, experienced beautiful sunsets, and got to see dolphins in the wild! They are super cute and playful! I enjoyed every second of being home, but I am happy to be back in school to see everyone and listen to all that my friends did during break! I hope you are all having a great winter season and God bless you! :)

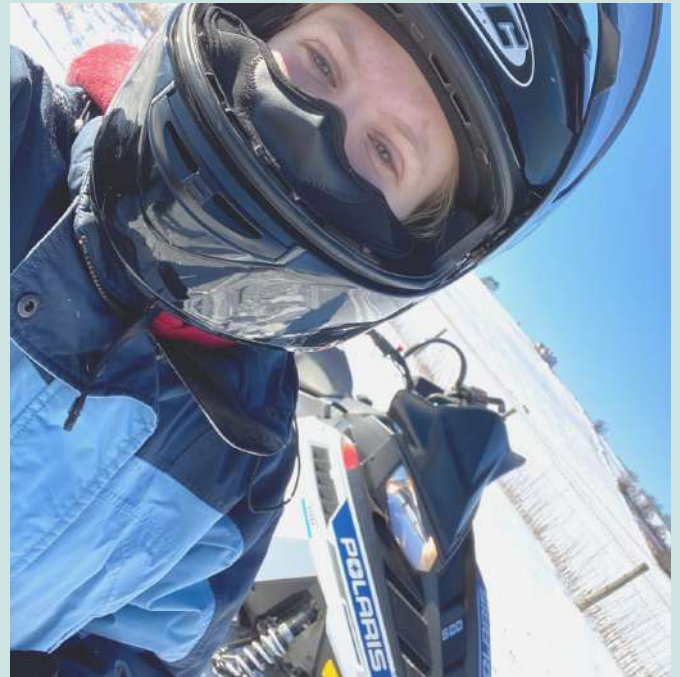

CAMILA MICHAUD:

Over my winter break, I was spending lots of time with my family. I didn't have to work during the break, so I decided to relax a lot and try to clean my room. For New Year, my uncles and aunts came over to my house and we danced a lot, and that's what I did during break. I hope you have a nice winter too.

GRACE PECKHAM:

Over winter break I spent a lot of time baking Christmas cookies with my family. I also celebrated my 18th birthday with my family on Christmas Day. I did many Christmas photoshoots with my cows and spent a lot of time working on the farm. I am now a proud parent of a baby miniature goat named Oliver! He has the best smile and personality and the cows love him! I have been snowmobiling with my family quite often because we have been fortunate to get enough snow to do that! I love winter but I am so excited for the blooming of flowers and warm weather!

YASMIM SOUZA

Hello there! I hope you're having a great time. While on Christmas vacation, I had an interesting adventure. Instead of watching the snow and drinking hot cocoa, I went to my friend's house, where I could see the sea again, eat a lot of ice cream, and swim in the sea because she lived close to it. Now, I found myself in the middle of the winter. Everything is covered in snow, which may make the horizon look lovely but also quite chilly. I can't watch movies like Frozen without thinking about how chilly it would be. But, hey, it's pretty, so... Let it gooo!

INDIPHILE TSHOTSHO:

Hello everyone. This Christmas break was honestly a memorable one. My friends and I, Yasmim and Gianni, were able to travel to Belize to spend Christmas with Gianni's family. We spent our time driving around looking at Christmas lights, visiting the Maya Ruins, enjoying the warm weather at the beach, and of course, enjoying the delicious food (I also discovered my love for Frappe). Whilst at the beach, we were also able to practice our swimming skills, and in the process I learned that I'm afraid to swim with fish (HAHA). Anyways, I'm currently back at school trying to enjoy the time I have left at the Academy before I graduate. I hope y'all also had a wonderful Christmas break!!

ANGELA VU:

Hey y'all! This Christmas break was a very exciting and special time where I was able to spend a lot of time with family and close friends! I got to go to New York City and visit many popular places, as well as try a lot of good and delicious food! When I went home to Texas, I was able to see my cousins that I have not seen in almost two years! We also celebrated my parents 29th wedding anniversary! Coming back to school from break, we have already gotten a couple of snow days and delays! This winter has been very fun and I have been blessed to spend time with the very special and kind people that God has placed in my life. :) I pray that you all stay safe and warm, and enjoy the rest of this winter season.

ISABELLA WRIGHT:

Over Winter break, I was able to witness my Godmother get her PhD in microbiology. I was so proud to see her finally get the recognition for all of her work. I also turned 18, which is still crazy to me. I spent my birthday with my friends and family, and enjoyed the special treatment. Christmas was super great, except that I had to leave Mass early because I felt faint. I had a few Covid scares over break, which was not fun at all but it ended up okay. I met my sister's pet snake for the first time as well, and I fell in love with him. Overall, I think my Winter break was spent pretty well!

**KNOW SOMEONE INTERESTED IN THE ACADEMY?
INVITE THEM TO OUR VIRTUAL OPEN HOUSE!**

On Saturday, February 12th, at 10 am EST, we will be having our Virtual Open House! There is still time to register and join us! Families will have a chance to speak with the students and teachers, and learn about the academic and extracurricular programs we offer at the Academy! You can register by clicking the link in our bio. Please share this with anyone who would be interested in the Academy!
