

# State of Connecticut Department of Education Health Assessment Record

To Parent or Guardian:

In order to provide the best educational experience, school personnel must understand your child's health needs. This form requests information from you (Part I) which will also be helpful to the health care provider when he or she completes the medical evaluation (Part II).

State law requires complete primary immunizations and a health assessment by a legally qualified practitioner of medicine, an advanced practice registered nurse or registered nurse, licensed pursuant to chapter 378, a physi-

cian assistant, licensed pursuant to chapter 370, a school medical advisor, or a legally qualified practitioner of medicine, an advanced practice registered nurse or a physician assistant stationed at any military base prior to school entrance in Connecticut (C.G.S. Secs. 10-204a and 10-206). An immunization update and additional health assessments are required in the 6th or 7th grade and in the 9th or 10th grade. Specific grade level will be determined by the local board of education. This form may also be used for health assessments required every year for students participating on sports teams.

## Immunization Requirements for Newly Enrolled Students at Connecticut Schools

### KINDERGARTEN

- DTaP: At least 4 doses. The last dose must be given on or after 4th birthday.
- Polio: At least 3 doses. The last dose must be given on or after 4th birthday.
- MMR: 2 doses given at least 28 day apart 1st dose on or after the 1st birthday.
- Hib: 1 dose on or after 1st birthday (Children 5 years and older do not need proof of Hib vaccination).
- Pneumococcal: 1 dose on or after 1st birthday (born 1/1/2007 or later and less than 5 years old).
- Hep A: 2 doses given six months apart-1st dose on or after 1st birthday.
- Hep B: 3 doses-the last dose on or after 24 weeks of age.
- Varicella: For students enrolled before August 1, 2011, 1 dose given on or after 1st birthday; for students enrolled on or after August 1, 2011 2 doses given 3 months apart 1st dose on or after 1st birthday or verification of disease\*.

#### **GRADES 1-6**

 DTaP/Td/Tdap: At least 4 doses. The last dose must be given on or after 4th birthday; students who start the series at age 7 or older only need a total of 3 doses of tetanus-diphtheria containing vaccine.

- Polio: At least 3 doses. The last dose must be given on or after 4th birthday.
- MMR: 2 doses given at least 28 days apart-1st dose on or after the 1st birthday.
- Hep B: 3 doses the last dose on or after 24 weeks of age.
- Varicella: 1 dose on or after the 1st birthday or verification of disease\*.

#### **GRADE 7**

- Tdap/Td: 1 dose of Tdap for students 11 yrs.
  or older enrolled in 7th grade who completed
  their primary DTaP series; For those students
  who start the series at age 7 or older a total of
  3 doses of tetanus-diphtheria containing vaccines are needed, one of which must be Tdap.
- Polio: At least 3 doses. The last dose must be given on or after 4th birthday.
- MMR: 2 doses given at least 28 days apart 1st dose on or after the 1st birthday.
- Meningococcal: one dose for students enrolled in 7th grade.
- Hep B: 3 doses-the last dose on or after 24 weeks of age.
- Varicella: 2 doses given 3 months apart 1st dose on or after 1st birthday or verification of disease\*.

#### **GRADES 8-12**

- Td: At least 3 doses. Students who start the series at age 7 or older only need a total of 3 doses of tetanus-diphtheria containing vaccine one of which should be Tdap.
- Polio: At least 3 doses. The last dose must be given on or after 4th birthday.
- MMR: 2 doses given at least 28 days apart-1st dose on or after the 1st birthday.
- Hep B: 3 doses-the last dose on or after 24 weeks of age.
- Varicella: For students <13 years of age, 1 dose given on or after the 1st birthday. For students 13 years of age or older, 2 doses given at least 4 weeks apart or verification of disease\*.
- \* Verification of disease: Confirmation in writing by a MD, PA, or APRN that the child has a previous history of disease, based on family or medical history.

**Note:** The Commissioner of Public Health may issue a temporary waiver to the schedule for active immunization for any vaccine if the National Centers for Disease Control and Prevention recognizes a nation-wide shortage of supply for such vaccine.
